Medina, NY 14103

Aggregate Source Status
Name: **Eagle Harbor Sand & Gravel**
Source No. **4- 49F**
Location: **Barre, NY**
Fine Aggregate Approved for Item 703-01
Note: Aggregate from this source is approved
only for 703-01 NYSDOT items

Dear Mr. Biamonte:

Aggregate from the operating location noted above is approved for item 703-01, Fine Aggregate. The requirements of Materials Method 29, Aggregate Acceptance Procedures, have been met.

Aggregate sources which satisfy all applicable requirements of Materials Method 29, issued July 2007, appear on the approved List of Sources of Fine and Coarse aggregates. The Approved List is available on the Internet @

www.dot.ny.gov and clicking on A-Z Site Index, Aggregates.

Approval status is reaffirmed by testing every 2 years. In addition, all sources must maintain a current accepted source report. However, approval status may be modified if it is determined that conditions have changed. The Regional Materials Engineer may be consulted for current data concerning this or any source.

Any questions regarding these matters, may be directed to Ms. Marilyn Bradley or members of the staff in the Materials Bureau, Engineering Geology Section at (518) 457-1038.

Very truly yours,

Marilyn Bradley
Engineering Geology
